PEONIES

The Cream of a Great Peony Collection

For over 30 years Peonies have been a leading specialty at **ROSEDALE NURSERIES**. Hundreds of varieties have been tested, and we now offer you 18 varieties which have stood the test. Available September, 1947—the following Choice, Double and Single varieties.

ALL HEAVY PLANTS—3 to 5 eye divisions. \$1.50 each except as noted, postpaid east of Miss. River.

Culture: Peonies are extremely easy to grow and stand shipping and handling better than most perennials. They like rich, deep loam with an abundant supply of moisture. Do not use fresh manure near roots. Plant in September or October; cover eyes not over 2 inches.

Double Varieties

ADOLPHE ROUSSEAU. Early midseason. Glossy, purplish garnet. Very large, semidouble.

BARONESS SCHROEDER. Late midseason. Large, double rose type of flesh white. One of the finest.

EDULIS SUPERBA. Extra early. Fragrant, dark pink. Popular flat crown type.

FESTIVA MAXIMA. Early. Paperwhite with crimson markings. Large, strong grower and the most popular Peony.

KARL ROSENFELD. Midseason. The best, all-around, double Red Peony. Large, velvety crimson.

KELWAY'S GLORIOUS. Late midseason. Pink-tinted buds opening to iridescent white. Fragrant. One of the best. \$2.00 each.

LE CYGNE. Early midseason. Creamy white touched with green at the heart. Very large, perfectly formed. Highest rated Peony. \$2.50 each.

LONGFELLOW. Early midseason. Red—distinct, fadeless color. Good for cutting, as well as in the garden.

MARTHA BULLOCH. Late. A mammoth flower, silver shell pink at center, deepening to deep rose pink.

MONS. JULES ELIE. Early. Largest fine pink. Perfect crown type. Very large; free bloomer.

OFFICINALIS RUBRA. Early. Old-fashioned red Peony. Ever popular.

Festiva Maxima

Edulis Superba

Choice Peony Collection

Six fine, large, double varieties that have proven most satisfactory over a period of years. Easy to grow—last indefinitely—wide range of colors—fine for cutting.

Edulis Superba. Early, fragrant pink.

Festiva Maxima. Early, large white.

Karl Rosenfield. Midseason. Outstanding, clear red.

Sarah Bernhardt. Late, silvery-pink. Fragrant.

Therese. Early. Delicate pink.

Walter Faxon. Midseason. Pale salmon-pink.

ALL SIX for \$7.50, postpaid

Plant NOW for next Summer's bloom

Lowell Thomas—New!

The originator says "pure red, heavy foliaged and vigorous growing midseason variety." Another grower says, "The bloom is the largest, the foliage the greenest and most beautiful, the plant habits perfect, the stems strong, color and fragrance excellent." After growing this Peony for three years we have found it is everything the originator and others have said about it and excels in quality, vigor and form any red Peony we have ever grown. Limited quantity. **\$10.00 Each**

SARAH BERNHARDT. Late. Large, refined flower, semi-rose type of Apple-blossom pink tipped with silver. Delightful fragrant. Very popular.

SOLANGE. Very late. Outer petals very delicate lilac-white deepening toward center with salmon shading; center deep orange-salmon. Very large, full, compact; delightfully fragrant. Strong grower; free bloomer.

THERESE. Early, glossy, flesh-color, lightly shaded pink; lighter at the center. Large, attractive, imbricated flowers.

WALTER FAXON. Midseason. Very delicate coral salmon-pink, deeper in center. Strong grower; free bloomer.

Single Varieties

L'ETINCELANTE. Midseason. Very broad, bright carmine petals with broad, silvery border; crown of gold stamens. Superb.

MIKADO. Late. Rich red with long, rounded petals and golden stamens. Unusually brilliant.

Our Special Introductory Offer

Three varieties from our 1947 Peony Collection especially for the newcomer to Peony Culture. All famous, outstanding, highly rated Peonies.

KARL ROSENFELD, midseason red
FESTIVA MAXIMA, early white
EDULIS SUPERBA, early pink

It's Easy to Order from ROSEDALE

TELEPHONE—Your order will receive prompt, careful attention — Pleasantville 889 — Tarrytown 4-2620.

STOP IN—See our stock—select the plants you want. Many may be dug immediately and taken with you. We are located directly on the Saw Mill River Parkway 3½ miles north of Elmsford; 1 mile south of the Hawthorne Traffic Circle. An entrance on Saw Mill River Road, also.

HOURS—Open 7:30 A.M. to 6:00 P.M. every weekday. Closed Sundays.

WRITE—Send us your order by mail—specify variety, size and price. We select carefully for you. Be sure to enclose your check or money order if you are outside our delivery area.

DELIVERY—Our delivery service is available anywhere in Westchester County without extra cost. We will deliver to points outside Westchester and within 50 miles for a nominal trucking fee.

SHIPPING—Shipment of all shrubs can be made by express and you simply pay the express charges upon arrival. Peonies are shipped anywhere east of the Mississippi River by parcel post prepaid. We pay shipping cost on Peonies only.

Glossy Abelia

Weigela, Bristol Ruby

Andromeda

Colorful Ornamentals to Enrich Your Home-and Life

A year-round procession of harmonious tableaux on the grounds of the well-planned, well-planted home—Blossoms of exquisite delicacy or deep, rich coloring—Brilliant fruits and berries to lure the birds—and EDIBLE FRUITS for YOU!—Dark, lacy branches to accent the sparkling snow—the first delicate greens of Spring—the bursting glory of Flowering Trees—these can be yours with ROSEDALE'S fine healthy plants and helpful guidance. PLAN and PLANT THIS FALL for next year's harvest of bloom

← Glossy Abelia (ABELIA GRANDIFLORA)

is a half-evergreen shrub of charming beauty. Its delicate, pink, bell-shaped flowers offer delightful touches of color from July until frost. The foliage—a glossy, deep green—becomes bronzed in the Fall and clings persistently far into the Winter. A splendid "filler" in plantings.

2 to 3 feet \$2.50

← Bristol Ruby - a New Weigela

of brilliant red. This is a hardy, vigorous shrub bearing flowers similar in general form to Azalea blossoms in late Spring and early Summer. This past season our **Weigela Bristol Ruby** flowered so profusely and gave color of such richness and charm that it proved again the aptness of its name—**RUBY**.

2 to 3 ft. \$1.50 each, 3 for \$4.00
3 to 4 ft. \$2.00 each, 3 for \$5.50

LILACS (Syringa)

We believe our collection of **French Hybrid Lilacs** in their wide range of forms, colors and sizes is unequalled. You will find single and double-flowering varieties of such exquisite loveliness and fragrance that you will want them all as specimens for your border or Lilac Garden. We offer 15 of the finest Hybrid varieties, a few of which are:

Ludwig Spaeth, with its single, red-purple blossoms; **President Grey**, double blue; **Belle de Nancy**, double satiny-rose; **Mme. Lemoine**, double white; **Katherine Havemeyer**, large double, mauve-pink.

2 to 3 ft. \$2.25 each
3 to 4 ft. \$3.00 each
4 to 5 ft. \$5.00 each

Select your favorites and plant this Fall for heavy blooms next Spring. Our 4 to 5 ft. stock is especially fine.

ROSES

Inasmuch as this folder goes to press before we can determine accurately what Roses we will have available this Fall, the variety list is omitted. We anticipate the finest crop of Roses in many years and will be able to supply many more fine varieties than usual. It will be impossible for us to deliver Roses before November and weather conditions will determine their availability for Fall planting. **Write us for list of varieties and prices for Fall Planting.**

← Peegee Hydrangea →

(HYDRANGEA PANICULATA GRANDIFLORA)

This Hydrangea is the best known and ever popular of the Hydrangeas. It bears coppery pink and white, conical blooms of immense size from July to September.

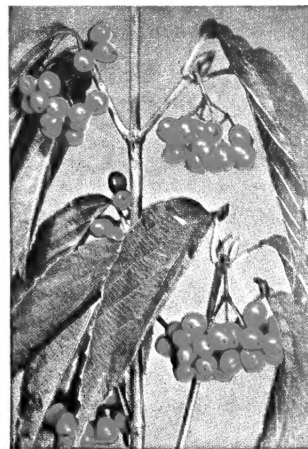

2 to 3 ft. \$1.00 3 to 4 ft. \$1.50

← Andromeda

(PIERIS JAPONICA)

This hardy Broadleaf with the Laurel-like foliage has long been a favorite with Landscape Architects in foundation plantings and is now coming into its own. It's compact, yet full-leaving habit of growth continues even as it becomes large. Added to the lustrous foliage, in the Spring there are innumerable panicles of white flowers similar in form to the Lily-of-the-Valley. A very handsome plant which keeps its leaves all Winter in this area.

15 to 18 in. \$4.00 18 to 24 in. \$5.00 2 to 2½ ft. \$7.50
2½ to 3 ft. \$9.00 3 to 3½ ft. \$12.00

Viburnum theiferum

VIBURNUM theiferum

This shrub is a tall-growing shrub bearing large compound white flowers in May or June. It reaches its peak of glory with its heavy clusters of scarlet berries against bronzing leaves as the season advances. When fruiting, this is probably the most showy of all the Viburnums.

3 to 4 ft. \$1.50 5 to 6 ft. \$5.00
4 to 5 ft. 2.50 6 to 7 ft. 7.50

Hydrangea, Peegee

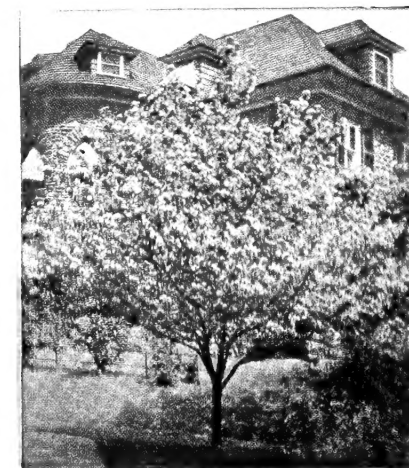

Firethorn

BECHTEL'S CRAB loensis bechteli. This is a vigorous, shapely tree with double pink flowers exactly like Roses and of delightful, rose-like fragrance. One of the finest of the Flowering Crabs. 4 to 5 ft. \$5.00

FLORIBUNDA ATROPURPUREA. This is of the same full-spreading and prolific flowering habit as the Floribunda but much more brilliant. Blossoms are red with bronzy red foliage. The innumerable clusters of small Apple tree turn red in the Fall. 4 to 5 ft. \$5.00, 5 to 6 ft. \$7.50

HOPA. This erect form has large, single red blossoms, replaced in the Fall by dark red fruit. The symmetrical, purple-tinted leaves make this a tree of striking beauty. 4 to 5 ft. \$4.50, 5 to 6 ft. \$6.00

PARKMAN CRAB—the variety pictured—is a slender-stalked tree bearing semi-double rose-red flowers with glossy, red-tinted foliage. A vision of color when in bloom and suitable for planting on both small and large grounds. 5 to 6 ft. hvy \$7.50 6 to 7 ft. hvy \$12.00 Extra heavy specimens \$17.50

Parkman's Flowering Crab

REDVEIN ENKIANTHUS ENKIANTHUS CAMPANULATUS

Drooping clusters of bell-like, yellowish flowers veined with red as well as red-tinted stems give this hardy, naturally graceful shrub its common name. Even without pruning, it grows densely in upright, fairly narrow form, making an excellent background shrub. When defoliated, whorled branches make interesting and decorative effects. 3 to 4 ft. \$6.00 4 to 5 ft. \$7.50

← FIRETHORN

(PYRACANTHA COCCINEA LALANDI)

A semi-evergreen and somewhat thorny shrub, of espalier-like growth. Branching laterally and close to the ground it carries a thickening foliage along its strong, slender limbs. In the Fall, clusters of scarlet berries stud the branches, clinging for months, and making it truly a "Firethorn." **Firethorn** can be used with success for various purposes—against a wall, fence or house; as a hedge, or as dense background shrubs in a shrub border. It is strikingly beautiful against a gray background. 2 to 3 ft., pot-grown \$5.00

EUROPEAN MOUNTAIN-ASH → ROWAN-TREE (SORBUS AUCUPARIA)

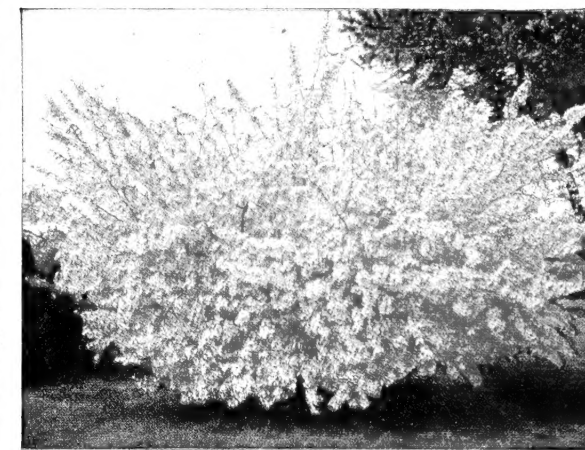

This is always a popular tree—both with the home owner and the birds. Masses of white, showy flowers in May are replaced by clusters of orange-red fruit in September which remain on the tree deep into Winter when the birds are put to it to find food. A rapid-growing, densely branched tree with full, well-formed crown. Extremely decorative and transplants easily. 8 to 10 ft. \$4.00 2 to 2½ in. cal. \$10.00 10 to 12 ft. 6.00 2½ to 3 in. cal. 15.00 3 to 3½ in. cal. \$20.00

FLOWERING CRABAPPLES

Among the many varieties of Flowering Crabs we have to offer, you find the delights of beauty, grace and fragrance in addition to hardiness and, in some cases upon maturity, trees of considerable proportion. According to variety, blooms range from single or double delicate pinks to deep rose and rosy-purple. A wealth of beauty is in store for the owner of a Flowering Crab.

Other varieties of Flowering Crabs are available at our nurseries.

ARNOLDIANA. A bushy tree-form with semidouble pink flowers almost twice as large as Floribunda to which it is similar in growth habit. The flowers turn white after a few days. Waxy yellow fruit, like Cherries, are borne in weeping clusters in the Fall. A very fine variety for specimen planting. We urge you to see this variety at our nurseries as our specimens are especially fine. 10 ft. heavy specimens \$30.00 each

Flowering Crab, floribunda atropurpurea

SCHEIDECKERI.

Unusual in its more pyramidal form, this Flowering Crab bears double bright pink blossoms which last a long time. The fruit, borne heavily, is waxy yellow. 4 to 5 ft. \$5.00 5 to 6 ft. 7.50 10 to 12 ft. specimens 35.00

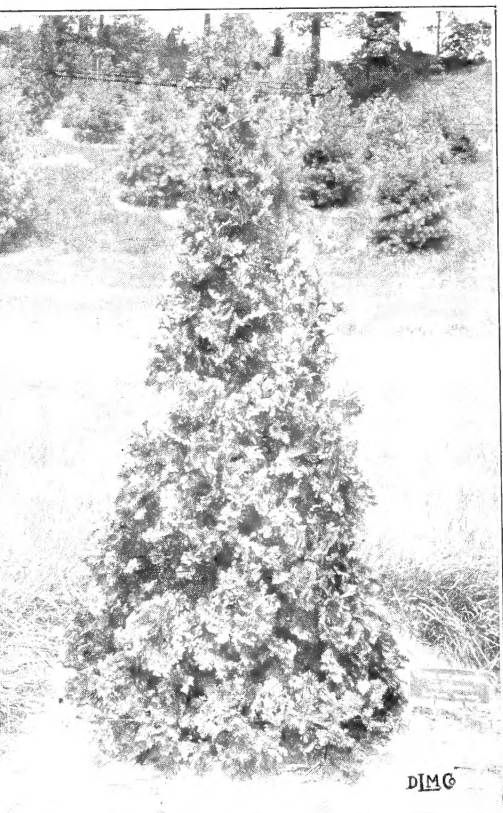

TEA CRAB (Thei-

tera). In spreading, irregular form, this Crab is completely covered with red buds opening to single pink-white flowers. Dark red fruits. Very popular. 6 to 7 ft. \$12.00 7 to 8 ft. 17.50 10 ft. heavy specimens 25.00

County without extra cost. We will deliver to points outside Westchester and within 50 miles for a nominal trucking fee. **SHIPPING**—Shipment of all shrubs can be made by express and you simply pay the express charges upon arrival. Peonies are shipped anywhere east of the Mississippi River by parcel post prepaid. We pay shipping cost on Peonies only.

HOURS—Open 7:30 A.M. to 6:00 P.M. every weekday. Closed Sundays. Traffic Circle. An entrance on Saw Mill River Road, also. River Parkway 3 1/2 miles north of Elmford; 1 mile south of the Hawthorne immediately and taken with you. We are located directly on the Saw Mill

Some of Rosedale's Suggestions for Fall Planting

Pyramidal Arborvitae

Fall Planting of Evergreens

FALL transplanting of Evergreens is now well under way and immediate delivery can be made. Our stock in the Fall offers the finest specimens with a year's growth added, at little extra cost over Spring. There is no better time of year for transplanting and your selection at the nursery is especially invited.

Arborvitae

Here in the Arborvitae you find Evergreens which are at once hardy, handsome and functional. Their naturally symmetrical habit of growth and dense, fragrant foliage, even on branches growing close to the ground, make Arborvitae particularly desirable as hedges, windbreaks, screens and background plantings.

The **PYRAMIDAL ARBORVITAE** is used extensively both as a hedge and as a specimen tree for the lawn. Its deep, rich green color and true pyramidal form of growth make it an outstanding Evergreen. We recommend it highly, in addition, for its hardiness and vigor.

3 to 4 ft.	\$3.75	5 to 6 ft.	\$9.00
4 to 5 ft.	6.00	6 to 7 ft.	12.00
7 to 8 ft.	\$16.00		

DARK AMERICAN ARBORVITAE (*Occidentalis nigra*). This variety is a darker, richer green than the common native Arborvitae and growing bushier and much taller than the Pyramidal. Wonderful as screen, windbreak or high hedge.

3 to 4 ft.	\$3.75	5 to 6 ft.	\$9.00
4 to 5 ft.	6.00	6 to 7 ft.	12.00

Swiss Stone Pine

Swiss Stone Pine

(*PINUS CEMBRA*)

Hardy, drought-resistant tree with dark green foliage. Its symmetrical, slow-growing compact habit makes it a very handsome lawn specimen. Interesting and unusual in its growth.

2 to 3 ft.	\$7.50	3 to 4 ft.	\$10.00	4 to 5 ft.	\$15.00
------------	--------	------------	---------	------------	---------

Pfitzer's Spreading Juniper

(*JUNIPERUS CHINENSIS PFITZERIANA*)

One of the most popular of the Junipers because of its open, spreading habit of growth and gray green, feathery foliage.

With its picturesque beauty it is used to very good effect as a filler in foundation or border plantings. Very hardy and drought resistant.

18 to 24 in.	\$5.00
2 to 2 1/2 ft.	6.00
2 1/2 to 3 ft.	7.50
3 to 3 1/2 ft.	10.00
3 1/2 to 4 ft.	15.00

Pfitzer Juniper

Sargent's Weeping Hemlock

(*TSUGA CANADENSIS SARGENTI*)

This makes a handsome flat topped evergreen with its pendulous branches reaching to the ground. It seldom grows more than about 4 feet in height but grows laterally in graceful, flowing lines. Excellent for planting at large drive entrances or on embankments where it may "weep" over the walls, or it may be used with judicious pruning to soften a foundation planting. Always impressive with its dignified beauty. Very hardy.

18 to 24 in.	\$7.50
2 to 2 1/2 ft.	9.00
2 1/2 to 3 ft.	15.00
3 to 3 1/2 ft.	20.00
3 1/2 to 4 ft.	25.00

Canadian Hemlock

(*TSUGA CANADENSIS*)

This handsome Evergreen, with the dark green foliage is a leading favorite because of its hardiness, utility and beauty. Its feathery, graceful dignity makes it outstanding for specimen planting. Or by shearing, it may be used for years in foundation planting. It is ideally beautiful for hedge, border or screen. The Hemlock thrives in shade or sun and is practically immune to insects and disease. For the best all-round Evergreen, select the Hemlock.

18 to 24 in.	\$3.50	6 to 7 ft.	\$18.00
2 to 3 ft.	5.00	7 to 8 ft.	25.00
3 to 4 ft.	7.50	8 to 9 ft.	35.00
4 to 5 ft.	10.00	9 to 10 ft.	50.00
5 to 6 ft.	15.00	10 to 12 ft.	75.00

Douglas Fir

(PSEUDOTSUGA DOUGLASI)

Very hardy, extremely ornamental evergreen tree with gray-green foliage. Handsome at all stages of growth. Our Douglas Fir have always done well but this Fall we offer the finest stock in many years.

4 to 5 ft. \$8.00 5 to 6 ft. \$12.00

Norway Spruce

(PICEA EXCELSA)

The Spruce is a hardy rapid growing Christmas-tree type of evergreen attaining great size. Useful for windbreak or specimen planting. Widely used in landscape work.

3 to 4 ft. \$5.00 4 to 5 ft. \$8.00 5 to 6 ft. \$12.00

White Pine

(PINUS STROBUS)

No other evergreen fulfills so well the requirements for beauty, rapid growth and easy transplanting. Soft bluish green needles. Symmetrical and pyramidal when young becoming widespreading in habit when mature. Our largest specimens may be moved with safety.

5 to 6 ft. \$12.00 8 to 9 ft. \$22.50
6 to 7 ft. 15.00 9 to 10 ft. 25.00
7 to 8 ft. 18.00 10 to 12 ft. 35.00

YEW—Taxus

Of all the Evergreens we offer, we prize our Taxus family most highly. Nowhere in this area will you find such a wide range of varieties nor such clean, healthy stock. Most popular of all Evergreens because of their ruggedness and rich, deep green color. Yews are in wide usage in modern plantings because of their many varied forms of growth—low, spreading, dwarf, upright, etc.—which make them so satisfactory for various purposes. They are slow-growing, so with almost no pruning, will not outgrow their locations.

We urge you to see ROSEDALE'S fine collection of Yews—a few of which we list here.

Hatfield's Upright → Yew

(TAXUS HATFIELDI)

This is the finest of the upright Yews. It holds its form almost without trimming.

A FEW LARGE SPECIMENS PRICED ON SELECTION

Hicks Yew

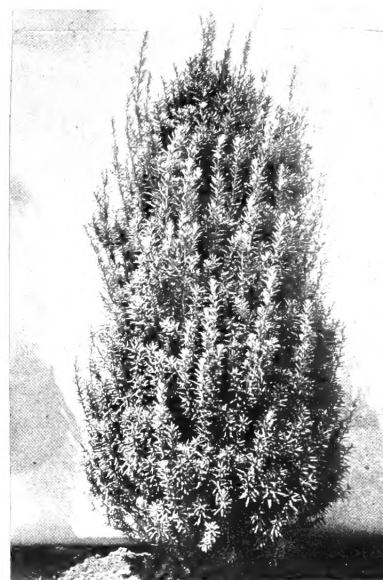

(*TAXUS HICKSI*)

This cross between the Japanese and English Yews is columnar in form rather than pyramidal as the Taxus capitata. It has exceptionally dark green needles and bears its handsome red berries in profusion.

18 to 24 in. \$6.00
2 to 2 1/2 ft. 7.50
2 1/2 to 3 ft. 10.00
3 to 3 1/2 ft. 12.50
3 1/2 to 4 ft. 16.00
4 to 4 1/2 ft. 18.00
4 1/2 to 5 ft. 22.50
5 to 5 1/2 ft. 30.00

Hatfield Yew

Hick's Yew

Dwarf Japanese Yew

(*TAXUS CUSPIDATA BREVIFOLIA*)

This very slow growing, compact Yew is exceptionally hardy. Its low, dense habit makes it a very popular plant for low foundation plantings.

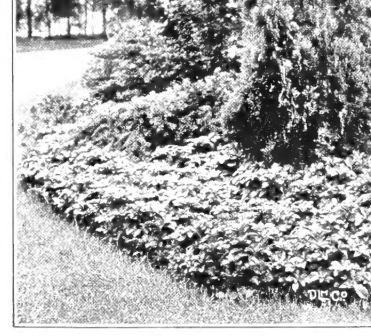

12 to 15 in. \$3.75
15 to 18 in. 5.00
18 to 24 in. 7.50
2 to 2 1/2 ft. 12.00
2 1/2 to 3 ft. 20.00
3 to 3 1/2 ft. 30.00
3 1/2 to 4 ft. 40.00
4 to 4 1/2 ft. 50.00
4 1/2 to 5 ft. 75.00

HYDRANGEA, TREE FORM

(*HYDRANGEA PEEGEE, TREE FORM*)

This is a tree form of the popular Hydrangea Peegee. It bears the typical coppery-pink flowers during the Summer months and its hardiness enables it to withstand a great amount of heat and drought—a favorite for Summer homes.

4 to 5 ft. \$3.50

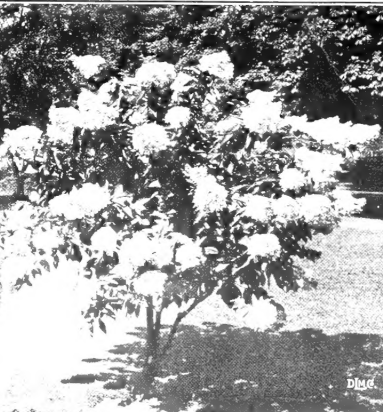

Pachysandra

Japanese Spurge

(*PACHYSANDRA TERMINALIS*)

The most popular of evergreen ground covers. Pachysandra spreads rapidly, giving a finished look to an under-planting. Since it thrives in the shade it is especially useful under dense shade trees where grass will not survive. Also good for a steep bank when mowing is difficult. Very useful as combined ground cover and root protector when planted under Yuccas, Rhododendrons, and Laurel. Pachysandra puts the finishing touch to a foundation planting. Plant four or more to a square foot.

1-year rooted cuttings \$5.00 per 100 \$45.00 per 1000

Hydrangea, Tree Form

SHRUB HEDGES

BARBERRY (*BERBERIS THUNBERGI*)

Popular, well-known, red-berried Barberry. Very useful for hedges.

15 to 18 in. \$6.00 per doz., \$45.00 per 100
18 to 24 in. \$7.00 per doz., \$55.00 per 100

PRIVET (*LIGUSTRUM OVALIFOLIUM*)

Best for near trimmed hedges. Rapid in growth. Our plants have many stems.

2 to 3 ft. \$2.00 per doz., \$16.00 per 100
3 to 4 ft. \$3.00 per doz., \$25.00 per 100

Have you considered SPIRAEAS?

EXCELLENT BORDER SHRUBS EASY TO GROW—FLOWER PROFUSELY
HERE ARE TWO SPLENDID DWARF VARIETIES—OTHER FINE SPIRAEAS
AWAIT YOU AT THE NURSERY

Spirea Anthony Waterer

This dwarf, compact growing Spirea bears its crimson flowers in July and then almost continuously all summer. Usually grows about 2 1/2 to 3 feet tall, but may be pruned back to keep it smaller size. Excellent for low border and foreground plantings.

18 to 24 in. \$5.75
2 to 2 1/2 ft. 1.00

Dwarf White Spirea

(*SPIRAEA THUNBERGI*)

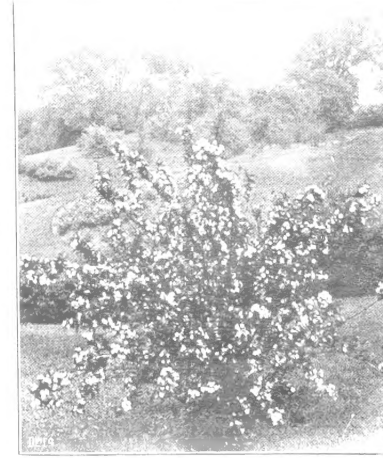

First to bloom of the Spiraes, attractive for Spring. This dwarf shrub with its slender, arching branches and bright green leaves, forms a feathery, bushy habit, excellent for foreground plantings. Pure white flowers appear with the first bit of green leaving out. A refreshing sight after the Winter dreariness. Leaves turn orange-red in the fall.

2 to 3 ft. \$1.00
3 to 4 ft. 1.75

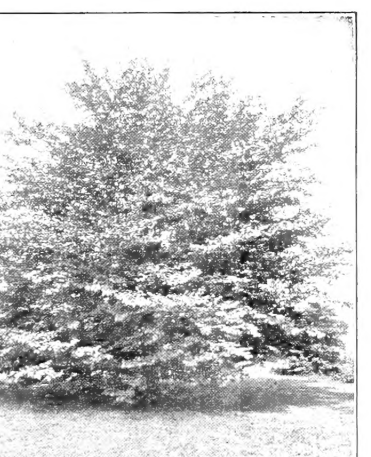

Weigela Feerie

This graceful shrub with its somewhat pendulous branches produces an enormous profusion of soft pink, almost salmon-pink flowers a week or so earlier than Weigela rosea. We Feerie is a finer and less coarse variety of Weigela.

2 to 3 ft. \$1.50
3 to 4 ft. 2.00

Weigela Feerie

Rivers Purple Beech

RIVERS PURPLE BEECH

(*FAGUS SYLVATICA RIVERSII*)

With its beautiful, purple foliage is a distinctive tree for the home landscape. It has the desirable characteristics of the European Beech, such as extra hardiness, and resistance to pests, in addition to its unusual leaf coloring. Its rounded, spreading form, its color, grace and cleanliness make this an outstanding favorite. Excellent specimen material.

7 to 8 ft. \$22.50
8 to 9 ft. 30.00
10 to 12 ft. 55.00

Honeylocust

(*GLEDTISIA INERMIS*)

This hardy, long-lived tree is the answer to the desire to plant a "different" Shade Tree. Its towering, spreading canopy of lacy foliage is the epitome of light and airy grace. Almost thornless. Free from insect pests. A lovely tree which we are proud to offer in such excellent stock.

1 to 2 in. cal. \$10.00
2 to 2 1/2 in. cal. 15.00
2 1/2 to 3 in. cal. 20.00
3 to 3 1/2 in. cal. 30.00

The Mockorange

(*PHILADELPHUS*)

Often wrongly called Syringa, is in general one of the most fragrant and profusely flowering of all Shrubs. It thrives easily in almost any soil, frequently achieving large proportions, and makes a great display of white and creamy-white flowers in early Summer. This past Summer, ROSEDALE'S MOCKORANGE'S flowered heavily. We recommend these three varieties as the best of the many varieties available.

SWEET MOCKORANGE (*Philadelphus coronarius*). This single-blossom type—most fragrant of all—is one of the oldest varieties of Mockorange. It grows into a well-rounded bush of not too great height.

2 to 3 ft. \$1.00
3 to 4 ft. 1.50
4 to 5 ft. 2.50

DOUBLE MOCKORANGE (*Philadelphus virginialis*). This vigorous hybrid has exquisite, waxy-white, double flowers of extremely delightful fragrance. As shown here, it blooms profusely—even in young plants.

2 to 3 ft. \$1.50
3 to 4 ft. 2.00
4 to 5 ft. 3.00

MINNESOTA SNOWFLAKE (Plant Patent No. 538). A recent and worthwhile addition to the Philadelphia group. This bushy, shapely plant produces its very double blossoms lavishly. While of some fragrance, its pure white flowers suggestive of snow crystals, make it an enchanting sight.

2 to 3 ft. \$1.50
3 to 4 ft. 2.00

Norway Maple

(*ACER PLATANOIDES*)

Foremost of the Maples and outstanding among all Shade Trees because of its regular outline, wide-spreading branches and very dense shade, is the Norway Maple. This exceptionally hardy, rapid-growing tree thrives well even on city streets. Its deep, green foliage turns yellow in the Fall, remaining on the tree long after other trees have shed. For quick shade, vigor and beauty, plant a Norway Maple.

2 to 2 1/2 in. cal. \$12.00
2 1/2 to 3 in. cal. 16.00
3 to 3 1/2 in. cal. 20.00
3 1/2 to 4 in. cal. B&B 40.00
4 to 4 1/2 in. cal. B&B 55.00
4 1/2 to 5 in. cal. B&B 75.00

REDLEAVED JAPANESE MAPLE

(*ACER PALMATUM ATROPURPUREUM*)

This is a comparatively dwarf Maple attaining slowly its ultimate growth of 20 feet. Bright red foliage and branches. Excellent as an accent in the landscape picture. We offer well shaped trees as follows:

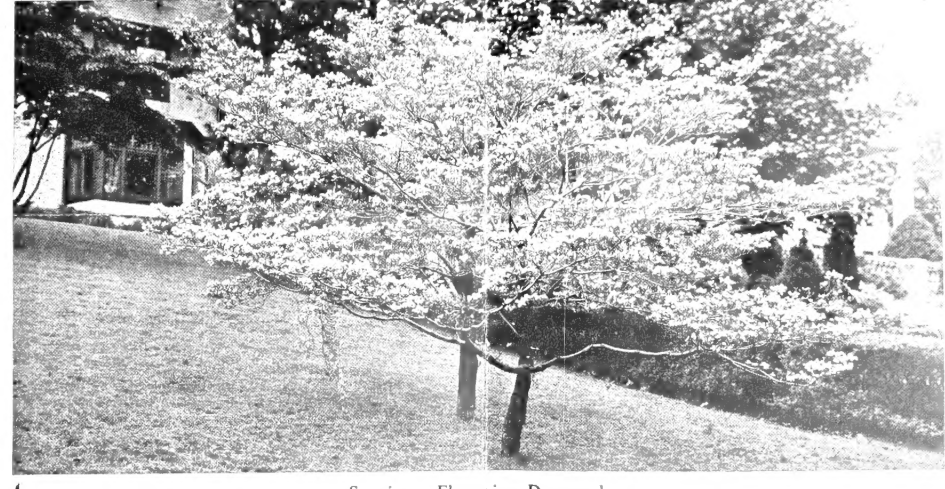

18 to 24 in. \$7.50
2 to 2 1/2 ft. 9.00
2 1/2 to 3 ft. 12.00
3 to 3 1/2 ft. 20.00

Sugar Maple

(*ACER SACCHARUM*)

A beautiful Shade Tree of dense, upright growth, which does well in almost any location. Brilliant red and yellow foliage in the Autumn.

2 to 2 1/2 in. cal. \$15.00
2 1/2 to 3 in. cal. 18.00
3 to 3 1/2 in. cal. 25.00

Specimen Flowering Dogwood

FLOWERING DOGWOODS

This native American tree is one of the handsomest and most valuable of the Flowering Trees. Its year-round beauty and adaptability for planting as a specimen, in a shrub border, as a woodland accent or as part of a background, makes it ever useful. It offers rich floral display in the Spring, heavy foliage in the Summer turning to bright reds and oranges in the Fall with laddled twigs making exquisite patterns in the Winter. Added to all this are the bright red berries so attractive to birds. We are able to offer White and Pink Dogwoods as well as the Oriental variety in fine nursery grown stock, as listed.

WHITE FLOWERING DOGWOOD (*Cornus florida*). Bearing a wealth of white flowers before the leaves appear, attains a height of 20 ft.

4 to 5 ft. \$6.00 8 to 9 ft. \$15.00
5 to 6 ft. 7.50 9 to 10 ft. 20.00
6 to 7 ft. 12.00 10 to 12 ft. 25.00

Heavy Specimens priced on selection

PINK or RED FLOWERING DOGWOOD (*Cornus florida rubra*). Similar to the White Dogwood in habit and form but bears pink flowers. Very desirable in the landscape scheme as a color accent. Fall leaf coloring somewhat more brilliant than on the White Dogwood.

4 to 5 ft. \$9.00 7 to 8 ft. \$20.00
5 to 6 ft. 15.00 8 to 9 ft. 25.00

For Delicious Fruit and Ornamental Beauty, Plant
